

OVERVIEW

Chic newer contemporary on a tranquil prestige street off lower Nichols Canyon. Bright- immaculate throughout with lots of glass and wonderful walls for art. The open floorplan features a spacious living area with fireplace-gallery lounge gracious dining. The kitchen centers around a large island accented by custom cabinets / slab counters, Sub-Zero, Bosch appliances. The entire rear of the home opens to a professionally landscaped garden with plenty of outdoor patio space against a canyon preserve. A spectacular 2 story floating staircase leads to a peaceful primary suite complete with its own private balcony, a huge walk in closet and spa bath including a generous soaking tub and large shower. Three additional bedrooms and two baths offer possibilities for an office/studio as well. Elegant European light hardwood floors on both floors add to the open seamless experience in every ...
