OVERVIEW

This incredible mid-century home offers a great blend of keeping the integrity of this mid-century home with newly renovated modern updates. California living is at its best on one of the most prestigious streets in View Park. Setting the tone for gracious living begins as you approach the inviting curb appeal of this grand mid-century residence. Leave your cares behind upon entering through the stately double doors into the spacious foyer with curvature walls, one of the many hallmark features of a View Park home. The impressive foyer offers you multiple open entertaining areas at-a-glance, with flawless views of the stunning backyard and pool. Entertaining is effortless in this expertly designed floor plan with an abundance of natural light throughout, showcasing a genuine connection to indoor/outdoor California living. From the formal dining room to the large-scale living ...
